

D.A.V. PUBLIC SCHOOL RATIA
SUMMER VACATION HOME ASSIGNMENT
SESSION 2023-2024
CLASS – 5th

**WISHING ALL A HAPPY, ENJOYABLE &
SAFE SUMMER VACATION !!**

Dear Parents and Students

Summer vacation is around the corner, bringing with itself a much-needed respite from hectic school days. We hope that you will thoroughly enjoy the vacations and make the most of this summer. While it is indeed important that you relax and refresh yourselves, it is also important that you exercise your minds.

Keeping this in mind, we have designed various exciting activities to keep the students engaged and active during the summer vacation. These fun projects/ assignments would enhance learning skills, help understand concepts better, and make for a great crash course aimed at improving academic output.

These activities will not only help you to revise what was taught, but will also enrich your knowledge. These projects will be assessed as Subject Enrichment

Activity, Portfolio or Art Integrated activity. We encourage parents to motivate and support the students to ensure that given work is completed in time, to the best of their ability.

Your support and encouragement both have a huge impact on your child's learning ability.

Let's do it regularly this Summer Vacation!

- Read the passage carefully and answers the following questions –

There lived a boy named Saurav in town. He was very fond of cashew nuts. So his Mother gave him a few nuts to eat. But Saurav was not satisfied. He always wanted more. Whenever his mother put a few cashew nuts on his palm, he would insist, "mum give me more". His mother used to advise

him not to eat too many cashew nuts at a time. Cashew nuts are good when they are eaten in small quantity. One day, Saurav's mother had gone out for shopping and Saurav was all alone in the house. He somehow managed to reach the jar placed in the kitchen.

Answer the following questions -

I. Sourav's mother used to tell him that cashew nuts are good when they are eaten-

- a) in a large quantity. b) in a proper quantity. c) in a small quantity.

ii. Saurav managed to reach the jar placed--

- a) in his bedroom. b) in the drawing room
c) in the kitchen.

2. What did his mother use to say to him?

3. What did Sourav like more than anything ?

4. Fill in the blanks---

i. He always wanted-----

ii. He somehow managed to reach the-----

5. Write down the Opposite words.

i Small. ii. Good.

Bees are insects. Bees are special insects because they can fly! They can move through the air like an airplane! Bees can fly because they have wings. They use their wings to fly. Bees can fly fast. Bees can also fly slow. They can fly up and they can fly down. They need to fly to get to the flowers! Bees can have three colors. They can be yellow, red, and orange. All bees are black in some places. Bees have three main parts. They have a head. They have a body. And, they have a stinger. The stinger is used to defend against enemies. They also have six legs. They use their legs to stand and climb. They also use their legs to eat and collect pollen. Bees live in many places. They live in Africa, Australia, Asia, Europe, North America, South America. The only continent that bees do not live on is Antarctica! I understand why they don't live in Antarctica. It's too cold! Most of the time, bees are nice to humans. If you do not bother them, they will not bother you. Have fun watching the bees this summer!
